Thank you for your interest in donating items to our Community Outlet and scheduling a pickup with us! We are happy to pick up all kinds of larger furniture items, provided they are in good condition, and cannot fit in a car. If you have only smaller items to donate, we ask that you drop those items off at the ministry. To inquire about a pickup, please send an email to donatehogm@gmail.com with all the information listed below:

- List of items you want to donate, along with their condition.
- Email photos of all items.
Based on photos, we will notify you if we can take the items or not, and able to move forward with scheduling a pickup. As always, our warehouse staff will have the final say once they arrive and assess the items.
